SUV200

Series of In-Motion Satellite Systems

High Speed DVB Tracking Antenna

The SUV260 is DVB compatible and operates with all European Satellite services:

**Astra
HotBird
Eutelsat**

Technical Specifications:

Performance:

Tracking	> 50° per second
Azimuth Travel	Unlimited
Elevation Travel	15° to 75°
Initial Acquire	< 40 seconds typical
Reacquire	< 15 seconds
Signal Lock During Blockage	±3 min.
LNB	Single or Dual
Power	115-220 vac, 50/60 hz, 20 watts

Physical:

Antenna Unit	
Dimensions	31" diameter, 14.8" height
Weight	31 pounds
Converter Unit	
Dimensions	2" x 6" x 7"
Weight	2 pounds

Environmental:

Temperature	
Operational	-25° C to +55° C
Storage	-40° C to +84° C
Humidity	100%

Warranty:

2 years parts, 1 year labor.

SUV200

Available for Vans and SUVs
